Dearest Sangay -

How can I thank you enough for  
the MAGNIFICENT job you did leading our  
12 day journey through magical Bhutan?

To me, your country is Shangri-La &  
you helped prove that over & over again with  
each exciting varied beautiful & hilarious day.

THANK YOU: for leading me down the mountains  
for the Birthday cake for Erin,  
for changing the itinerary when necessary  
for the trips through fields & valleys &  
to the AMANS.

for the laughter & sense of adventure  
for the pure joy of showing us YOUR LAND,

Your History & the story of Bhutan.

Thank you! <sup>Now</sup> enjoy the many goodies &  
the well deserved trip. The last #18 is a  
good luck number that means "17 or Long life  
in Hebrew." <sup>Erin</sup> I wish you a long, healthy & happy one  
Always, Jack Feldman
